## *The People!*

We see those whose duty it is to mold the character  
and to develop the mind; the seniors and the en-  
tire student body partaking in the educational,  
religious and social life of the school; and some  
who have left its portals to defend democracy.

# Our Father Prior...

**Very Rev. H. A. Wierman, O. S. A.**

Father Wierman has the distinction of being Superior of the largest Community in our newly formed Province of Our Mother of Good Counsel, and the youngest Major Superior in its metropolitan area

A brief retrospect of his antecedents will convince one of the wisdom of his selection. McSherrystown, Penn., the blest community, that has given scores of holy souls to the

Priesthood and Religion, claims him as a native son. Preparatory and collegiate lucubrations at Villanova, theological pursuits at The Catholic University of America, all culminated in his ordination to the Holy Priesthood at the Shrine of the Immaculate Conception, June 19, 1930

A religious man of prefecting, parish, and teaching experience is our beloved Father Prior

# Our Leader . . .

## Very Reverend R. P. Fink, O. S. A., M. S., D. Sc.

Varied and colorful has been the career of our Very Reverend Father Provincial and Rector of St. Rita High School

Father Fink earned his A. B. and Master of Science Degrees at Villanova College, although he had also previously attended the University of Pennsylvania. Two years after his ordination he was nominated to the post of Dean of the Villanova School of Science. This office was exercised for five years, after which he became Vice-President of the College. During tenure of this office Father Fink was honored by La Salle College of Philadelphia with the Doctor of Science Degree, and his own confreres in Religion made him a Definitor—plac-

ing in his hands and those of four other Fathers the power to guide the destinies of his Province

From 1932 to 1935 Dr. Fink was Prior of Cascia Hall at Tulsa, Oklahoma. He was appointed to St. Rita High School in 1935 as Prior and Rector. And it is to his foresight and untiring efforts that the school owes its present development and high standing

During the month of June, 1941, the Augustinians met at Villanova for the purpose of selecting a Father Provincial for the new Province in the mid-west, and the choice fell on Dr. Fink. In spite of this post—the highest in the Province—Dr. Fink is still the guiding spirit of St. Rita

REVEREND JOHN J. X. GLYNN  
O.S.A., A.M.  
Vice Rector and Supervisor of Studies

To aid him in his policies, Father Fink has chosen a capable staff of administrative officers. As Supervisor of Studies, Father Glynn has initiated a varied program designed to encourage true scholarship among the students. The faculty is also indebted to him for his co-operation, cheerfully given.

Placed under the direction of Father Coyne—years ago, the technical department at St. Rita has attained a prominent position in the curricu-

lum. Due to his efforts, the school is now in a position to contribute materially to the national defense program by training students in technical skills. Father Coyne has already organized special classes for this purpose

To the multiple problems of student guidance, Father Burns and Father Toomey have devoted many earnest efforts through interviews with the students and contacts with the house, many pupils have been aided in making necessary adjustments to school life

It is through these administrative officers that the traditions of the Augustinian order have been marshalled and brought to bear on the students of St. Rita High School

REVEREND J. A. COYNE  
O S A., A M  
Dean of Technical School

The faculty of St. Rita is composed of fifty men, each qualified and trained in the field to which he is assigned. Many of them are studying in universities to keep up with

recent developments and trends in their particular subjects. In every department of the school there are outstanding teachers who are authorities in their respective fields. They all have at heart the welfare of the boys, not only in the study at hand

but also in the development of their characters. In this regard the Augustinian Fathers are well known. With their rich heritage of tradition and experience, they are well equipped to give a thoroughly Catholic education. They do not merely attempt to give the boy a text book knowledge, but also try to develop in him a plan of life which will be of value in his

future endeavors. With this in mind specialized training in technical and commercial lines is given to the student who is so inclined. By personal and intimate contacts among themselves and the students, the faculty tries to produce a Christian gentleman, ready to cope with the spiritual, moral, and every day problems that are bound to be his throughout life

# School Personnel and Doctors

MISS MARION KERRIGAN  
Registrar

MISS CATHERINE MURRAY  
Secretary

MISS ISABEL GILROY  
Stenographer

HENRY A. CHRISTIANSEN, M.D.  
School Oculist

FRANK SALETTA, M.D.  
School Physician

STEPHEN A. GRADY, D.D.S.  
School Dentist

The efficient and smooth functioning of St. Rita High School is in no small measure due to the expert personnel in the office

Miss Marion Kerrigan, Registrar, keeps the records accurate and readily available. Her unfailing courtesy and tact eminently qualify her for her office

Miss Catherine Murray, Secretary, and Miss Sally Gilroy, Stenographer, ably assist the administration to maintain its high standard of efficiency and courtesy

The Augustinian Fathers in their solicitude for the mental and spiritual welfare of the boys of St. Rita High School do not neglect the boys' physical well-being

A competent medical staff keeps a careful check on the physical condition of our students and athletes

Dr. Henry Christiansen, our oculist, Dr. Stephen Grady, our dentist, share with Dr. Frank Saletta, our school physician, the responsibility of keeping the boys physically able to fulfill their scholastic requirements

## To St. Rita's . . . MEN IN THE SERVICE

World War II will leave in its wake much of bitterness, destruction, and sorrow. It will also bring to light innumerable deeds of honor, glory, and valor.

At the time of this writing more than 125 of our boys are serving in the armed forces of the nation: the Army, Navy, Marine Corps, and Coast Guard.

According to government reports two have made the supreme sacrifice: namely, Lieut. John F. O'Connell '33, an Army pilot, killed in action while on duty in the Philippine Islands, and

Richard Jaske '42, one of the men aboard the destroyer Edsel that is reported to have gone down during the sea battle for Java. Another alumnus, James Fedigan '33, while serving as a pilot in the Royal Air Force was brought down and is recovering in a hospital in London.

The deeds of valor and glory of Rita men will be fully written at the culmination of the war. At such time a complete list of our boys who have served in the armed forces of the nation will be compiled and published in the CASCIAN.

## After Four Years . . .

President Edward Walsh, Vice-President John Caffrey, Secretary Edward Madden, and Treasurer John Weigand; these were the seniors intrusted with the leadership of the Senior Class by its members. Because of their popularity they have been honored by election to these offices and burdened with the responsibilities which these positions entail.

Since a diversified program of activities is offered, it is fitting that, at this time, we mention those who excelled in their own particular field.

In the serious business of studies, Hubert Thomiszer and Louis Tyma led. They proved good students can also make good company. The suc-

cess of the CASCIAN and the RITAN is in large measure due to the ability and industry of Bill Foley, editor of the CASCIAN, and John Dineen, guider of the RITAN'S destinies. In athletics, Bill Sims and Rusty O'Donnell, by their sportsmanship and prowess, succeeded in carrying the Red and Blue to a position of honor on the gridiron and hardwood. For meritorious service in the band, Joe Wol-ski and Dick Causland deserve much credit. They were ever ready to give their wholehearted co-operation. Bill Crilly and Dick Blair supported most of the projects of the school. In place of one special activity they participated in a great many

# A Bid to the Senior Prom

On a day late in Spring, as dusk drew near, young people were hurriedly making preparation for a formal affair that for some would be their last as high school students

It was a busy day for the florists, tailors, dressmakers and hairdressers, taking care of the younger set

As the time drew near for the long awaited affair, there was a period of nervous tension, when the bid appears to have been lost, it is located and everyone breathes easy

The formally attired couples began to arrive at the magnificent ballroom, soft music and dim lights greeted

them. Late in the evening a delicious dinner was served. Everything was done with an air of exquisite excellence

The close drew near and in a few short hours the greatest affair of one's high school social life is at an end. The couples slowly straggled away, wondering why time must pass so quickly when they are so completely enveloped in enjoyment

In old age when we look back, in dreamy drowsiness, sitting before our home fires, it will seem it was only yesterday that we were young and carefree

# So Long, So Soon, So Sorry, . . .

The Greeks had a word for it — choked-up feeling in the throat when the best of friends must say goodbye. With us, it's just "so long, so soon, so sorry." Scribble your names and be on your way. Even though your squibs can't be used as evidence against you, they may some day make you blush. Here's to that some day when these pictures make you smile. And

So long, so soon, so sorry;  
Goodbye, good luck, old pal!

## Junior Day

Where there is activity and festivity, there is the Junior Class. It has participated in everything from football to dancing; it has won coveted honors in athletics and scholarship. The juniors won the intramural touch-football championship, and placed champion representatives on the boxing team. Because of their active interest in the "Rita Rollers," they are in charge of the Rita Roller Dance Club. Both the RITAN and CASCAN are indebted to the juniors for zealous service.

The Junior Prom, February 11, proved to be memorable in junior annals. One hundred and thirty-five couples dined and danced in the Crystal Ballroom of the Shoreland Hotel. The setting was luxurious, the dinner delicious, the music of Norm Faulkner's Colonial Club de-

lightfully distinctive. A surprising innovation climaxed the gala affair, Valentine boxes of candy were presented to the couples with the lucky "bid" numbers.

Although others deserve public praise for their efficient and enthusiastic co-operation, Lester Zych, Class President and Prom Chairman, merits special mention for his energetic and inspiring leadership.

## Soph-Frosh Soiree

The freshmen and the sophomore classes of St. Rita have enjoyed a full social year. From the enthusiasm and co-operation shown by the officers and their classmates these classes will carry on very well in the coming years.

The highlight of the social season was reached on the evening of December 12. After weeks of careful preparations, the selection of an outstanding orchestra, the selection of a queen, and the planning of artistic decorations for the school gym, the night of carefree enjoyment arrived.

On Friday evening, December 12, the freshmen, sophomores, and their

guests assembled in the brightly decorated gym to dance to the rhythm of Joe Nolan and his orchestra. The climax of the evening's pageantry was realized when Miss Patricia Nolan, a charming young personality from Lourdes High School, was escorted by both of the class presidents to the orchestra platform to be crowned as the "Queen of the Soph-Frosh Soiree of 1941."

Over one hundred couples danced to the scintillating music from eight thirty to eleven thirty. All went home happy, already making plans to attend the Soph-Frosh Soiree of 1942.

MISS MARION KERRIGAN

MISS ISABEL GILROY

We deeply appreciate the co-operation of the various moderators who furnished the data for our copy and we thank the administration and faculty for their aid and forbearance when we were obtaining the pictures which appear in this volume

We are grateful to the members of the student body and friends who solicited advertisements and to our advertisers and patrons. May God bless them for their efforts on our behalf!

# Our Chaplain

In order to achieve the principal end of a Christian education, the religious and moral training of our youth, St. Rita High School provides the students with a definite religious program above and beyond the classes in religion. Four student Masses are held each week, one for each class. Mass is followed by the recitation of prayers to St. Rita and a sermon delivered by one of the Fathers

That our Catholic students might realize the importance and need of the sacraments in the life of a Christian, monthly confession and Holy Communion are obligatory for each class. During the Lenten season, Mass is followed by the Stations of the Cross

# Student Retreat

Every year at St. Rita High School, three retreats are given; one for the freshmen class; one for the sophomore and junior classes; and the third for the seniors. The freshmen retreat was held on the first three days after Thanksgiving. The sophomore-junior retreat was given on the first three days of the week of the mid-year exams; and the senior retreat was conducted during the first part of Holy Week.

Holy Mass, conferences and other spiritual exercises made up the retreat program. Rev. Father John Ready, O.S.A., assistant pastor of St. Clare Church, Chicago, delivered the retreat conferences.

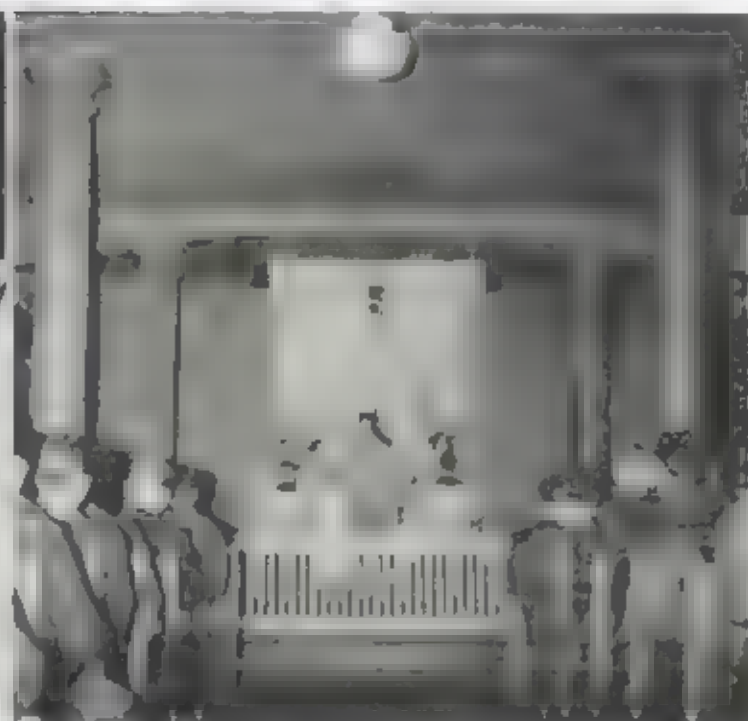

Many of the students, no doubt, found in the retreat much needed help and strength for the spiritual combat that the young Catholic man must fight in the world today.

## Acolytes

In the religious life of the school the acolytes take an important part. Under the able leadership of the Chaplain, Father John McLaughlin, O.S.A., an intelligent and unselfish group of boys has been trained to assist in the service of the altar.

One hundred and fifty boys see to it that the religious exercises of the student body are carried out in true

liturgical fashion. Their main duties are serving at the student Masses, and other such devotional services. In these services they have become so proficient that they are invaluable in the chapel and in their parishes.

By passing some time within the sanctuary they are learning to live close to God. May some of them follow more closely in His steps.

this encounter was the exuberant school spirit of the Rita following

The Mustangs also lost the league opener to a strong Joliet eleven. In the first five minutes of the contest we scored two touchdowns. The element of luck, however, was on the side of the boys from out of town, and by completing a fateful last minute pass they defeated a Rita team that had outplayed them throughout the entire game.

In taking their stand in the South section, the Mustangs were sparked by such grid greats as Bill Sims, who was chosen as All-State fullback, Captain Ray Ambrose, All-City end, and Dan Rees, All-City center. Bob Clarke distinguished himself by call-

# Three cheers

Capitalizing on the spirit  
that wins games

The "Rita Rooters" and "the roar of the crowd" could be heard from St Rita Stadium on the south to St George on the north. Led by the capable showman Gerald Moore, the Rita cheerleaders spurred the fiery Mustangs on to victory. They worked hard as did their brothers on the grid-iron and court. Besides their leader Moore, the Ritans will miss Matts and Ryschell. Next year's assignment should, however, be capably handled by Gavin and Lebert

ing signals and plays while doing some fancy ball carrying from his halfback post. John Zuro played end opposite Capt. Ambrose and showed himself the equal of all on offense and defense. Bob Sapp, Lawrence Paha, and Bob Callahan were reliable alternates for these men

Many of the men were juniors and will bring back much valuable experience next year. Lester Zych was elected captain for the coming season after playing a stellar season, even under the handicap of a broken hand

Duffy, Walker, and Slania alternated with Kamin, Grady, and Tursman in the solid Mustang line. Ed Ranahan, Heinz, and Zimny also performed well in the backfield. Ranahan and Heinz both proved excellent winners, while Zimny showed himself to be a heady quarterback.

# Lightweight Football

With the completion of another football season, we can look back on our lightweight team with pride. This was one of the best lightweight seasons that Rita had in some time. Under the tutelage of the new Coach Leo Deutsch, the Ponies were taught the same fundamental system of play that corresponds with our varsity team, which means that the team on

a whole should fit in very well with the varsity next year and because of the spirit and fight which the Ponies have showed there is no doubt but that the varsity will have a fight on their hands to keep their positions next year

With a hard charging line and a fast and powerful backfield our team proved formidable foes for all

*The harmonious strains we hear at the games can be traced to hours spent in the music room*

With almost a third of its members freshmen, the band made a very creditable showing this year. Its appearance was enhanced by the majorettes Joan LaFrancis, Virginia Glauser, and Marie Koenigsmen. From the Holy Hour at Soldiers Field to the icy cold finale of the football season, from the "Marines' March" to "Casey Danced with the Strawberry Blond," the band gave its best. Its intricate formations were well supervised by Bob Black.

The Spring band contest ended with the band giving a very good account of itself. The soloists and the brass ensemble made these events contests in the true sense of the word.

The senior band members, by their wholehearted co-operation, both in

marching and in playing, earned the respect of everyone. Trumpets, tubas, twirling, leading the parade, playing the drums, call up the seniors Abaravich, Boniewicz, Wolski, Gillespie, Malek, Gorney, Causland, Hauser, and Kuemple. Such phrases as "Turn right;" "Straighten that line;" "No, do it over;" "How's that, Father?" will always recall fond memories to the departing senior band men.

Father Casey and Father Burnell now face the task of replacing Joe Wolski, who served faithfully as band librarian for four years, and those others who contributed their part. However, that is what keeps them from getting old. (Who said they were getting fat and gray?)

*Highlights of the Morgan Park Tournament*

## Heavyweight Basketball

The 1941-42 St. Rita basketballers after a very slow start ended a successful basketball season. The impetus for the successful second round schedule was furnished by the defeat of the Leo Lions, highly respected Catholic Champions, by our own Mustangs to the tune of 53-51. Every individual on our team was responsible for that victory, not only the players on the floor but also our reserves. The season was completed with the Mustangs winning the Mid-West Prep Conference Tournament, defeating Illinois Masonic, 56-49.

Looking back we can see that due

credit should be given to Captain Rusty O'Donnell for being the outstanding defensive guard in the entire Catholic League; to William Sims for his fine all-around play and spirit, but especially for marking up the last two points to win the Leo game; to William Bataska, our leading scorer, for his leadership and his ability to score the hook shots which were the deciding factor in many of our games; to "Nigs" Conroy for his spirit and hard work, especially under the basket, and to John Weigand for his clever floor work, ball handling and helping to make our club work as a unit.

# Basketball holds the spotlight

When the call went out for candidates for the flyweight and bantamweight basketball teams about one hundred and fifty students responded. It was a task of no small moment to pick a squad of fifteen for each team from such a group of enthusiastic basketeters. However, each team did justice to their coach's choice by playing .500 ball or better.

The flies won eight and lost eight under the inspiring leadership of Captain Yanahan, forward and high point man. McNicholas, the other forward, was the team's long shot artist, while Janks, the center, was the most improved man on the team. Milligan and Kahl, guards, were outstanding defense men.

The bantams had a record of fifteen wins against ten losses. They had plenty of fighting spirit as exemplified in their Captain Warren Jones. High point man was the other forward, Slania. Sullivan was center, with Kane and Johnson at guard positions.

## Senior and Junior Track

Under the leadership of a new coach the St. Rita track team carried on the tradition of its former coach, L. A. Greene, U.S.N.R., a Catholic patriot and former faculty member "Support Rita and Rita will support you" was the slogan which brought out more than fifty candidates for track. They entered into conditioning and consequently a Junior and Senior track team were possible. For

the first time full teams were entered in the Catholic Relays, the Catholic Junior Meet, the Catholic Senior Meet and the State Meet. The Times Meet of April found St. Rita already bidding for championship; Bob Piper and Frank Kuta established new records there. With this accomplishment behind them Ritans were spurred on to a successful season.

## Golf Team

Under the able leadership of their Coach, Leo Deutsch, this year's golf team has set out to gain further laurels for St. Rita High School.

Settling down to work after the Easter vacation, the team practiced hard enough to earn a top berth in the Catholic League Golf Tournament.

A bright future is seen for the team as it has three senior members returning, aided by a group of competent underclassmen.

## Tennis Team

When Father Sinnott, newly installed moderator of the tennis team, issued a call for practice many enthusiasts of the sport responded. Each day since they could have been seen engaged in vigorous training at Gage Park courts.

Early in June, the team will enter the Loyola Tournament facing such formidable opponents as Fenwick, Weber, and Loyola. After the impressive showing they made last year they should do well in this year's tournament.

## Baseball Team

This year's St. Rita High School baseball team made up for lack of outstanding quality among the players by a spirit and will to win that was gratifying to both faculty and students. This team's determination took the place of individual playing stars and for that reason the season was a success.

Games were played with Holy Trinity, Lindblom, Gage Park, Harper, and Morgan Park.

## Boxing Team

The success of intramural boxing was so pronounced that Mr. Deutsch decided to choose a team for outside competition. Leo believes in starting slowly and laying a firm foundation, consequently he scheduled only three matches for his charges. Loyola, St. Philip, and Morgan Park Military Academy were the opponents. The success of this group was obvious from the beginning.

## Intramural Sports

A nation-wide stress on athletics has been made by our Government to help keep our younger generation physically fit. At St. Rita we have the medium through which we meet the Government proposal of "keep 'em playing" by having an extensive intramural program covering athletics for class teams and individuals, not competing on the regular varsity teams, for the entire school year.

Last year an extensive intramural program was inaugurated at St. Rita

and with the co-operation of the entire student body a complete athletic program of five major sports proved to be a huge success.

This gave impetus to a larger intramural program for this year enabling more students to participate in more organized athletic contests. The entire student body should be congratulated on their co-operation in making this year's intramural program so successful.

# Intramural Sports

## Touch Football

The first major athletic event on our 1941-1942 intramural program opened approximately four days after the start of the school year. Leagues in the freshman, sophomore, and junior-senior mixed division were organized and all games played during both lunch periods. Because of our athletic field being connected to the

school we were able to play three games during one lunch period. Many of our students are interested in football and this gave them all an opportunity to play. The regular season was completed on November 14 with 3D defeating 4J for the championship of the school

## Basketball

This phase of our athletic program was very successful because many of our students are very much interested in basketball. The same method of organized scheduled games was employed affording every team an opportunity to compete in at least five to eight games

The regular schedule being com-

pleted we had a tournament playoff made up of the two best teams in each league, this ended with the championship game between 2H and 4I. Held during both lunch periods it afforded every student a chance to witness this game. The ultimate victor was 2H after a very tight contest

## Boxing

The largest individual tournament was held with one hundred and fifty freshmen, one hundred sophomores, and one hundred and fifty juniors and seniors registering, making a total of over two hundred and fifty bouts during the lunch periods. This program

ended on April 28-29 with the championship bouts which were acclaimed the best since its inauguration last year. Boxing at St. Rita has stimulated good fellowship, sportsmanship, and above all spirit, all combining to bring out that will-to-win complex

## Softball

This organized tournament was the final of our intramural program. It was made up of three distinct leagues: freshman, sophomore, and junior-senior mixed

Because of our facilities we were able to have four games played during

each lunch period, thus enabling more students to participate. This tournament was both interesting and hotly contested, developing the spirit and sportsmanship so necessary to successful athletic programs. Last year's champions 3H returned as 4H but failed to win the crown.

## Rita Rollers

The reason for the existence of any club is the good of its members. If it does not offer to its members advantages and opportunities for the betterment there is no reason for its existence.

The Rita Rollers organization offers to its members social, cultural, and physical advantages. Roller skating is a good, wholesome, physical exercise for boys and girls. The parties conducted by the club give the boys an opportunity to meet good Catholic girls, and to associate with them in a clean and spirited form of entertainment. The cultural value lies in the refining influence that association

with the gentler sex has upon boys.

In the particular field of roller skating, the club has made provision for dance instruction, whereby its members are taught to dance on skates.

During the past year the club, which numbered about two hundred members, was most fortunate in having so great a president as Joseph Wolski. The accomplishments of the year are the result of his inspiring leadership, his unselfish contribution of time and energy and the splendid co-operation which he received from the members of the club.

## Bowling

Though only in its third year, the bowling club has become an integral part of student life. This year its ninety members, comprising sixteen teams, played through one of the finest and hottest tournaments on record.

At the end of the season a three way tie for first place resulted, the Wolves being the ultimate victors in the playoffs.

Much of the credit for this banner season must be given to Joseph Rudcki, Secretary, and Father Sinnott, Moderator.

## Homecoming Dance:

Each year an eagerly awaited event is the Homecoming Dance. Given in honor of our pigskin greats it formally opens the social calendar of the school year.

This year the popular orchestra of Joe Nolan was selected to give out with the syncopation. The gayly decorated gym, the music, and the gayety all contributed toward a splendid evening.

## Football Banquet:

To especially honor our football heroes and to repay them in some small measure for their sacrifices, a sumptuous banquet is held early in December for them by the Men's Club. At the banquet the awards for outstanding ability, spirit and sportsmanship were presented to the deserving.

### Monogram Club

Rita men having received major awards for their athletic prowess form an organization known as the Monogram Club. They do much to aid the school authorities by patrolling the

gym and corridors during the lunch periods. They also have charge of the campaign to secure votes for our candidates in such contests as that to select the All-City football team

PART THREE

## The Activities

We see our parent and friend auxiliaries; students engaged in publications; those who are aeronautically inclined; engrossed in student hobbies, student government, Cisca and the vocal musical groups.

## Mothers' Club

The Mothers' Club is an important auxiliary of the school. It unites the mothers of the students in a spirit of friendship and co-operation, which is reflected by the success of the club's projects. The assistance of this group usually consists in the proceeds of four annual class card parties and one major party held in one of the larger downtown hotels.

## Men's Club

Fathers of St. Rita students who are anxious to follow closely the progress of their sons keep in touch with teachers and school authorities through their membership in the Men's Club. A thorough acquaintance with the student's personal history and family background on the part of the teacher makes for a desirable student-teacher relationship.

## Christian Mothers

Holding down a prominent place in the adult life of St. Rita High School is the Christian Mothers' organization. The society is primarily a religious one, making use, however, of the social aspect also.

The organization holds card parties and numerous other affairs to secure funds necessary for its administration. Surplus funds are donated to the school for improvement and enrichment of the material of the institution.

## Alumni

Embracing all former students, the Alumni organization makes it possible for graduates to keep in close contact with their Alma Mater.

Many beneficial and enjoyable activities are sponsored throughout the year. Principal among them are a retreat at Mayslake and a sumptuous banquet at a major hotel of the city. Proceeds from these affairs are graciously donated to the school.

Our contribution to student activities is made once each year and, altho to the uninitiated it doesn't appear so large, we know that labors commenced before the doors of our school opened in September are focused in these pages. We are justly proud of our endeavor and hope it will serve to pleasantly bridge the chasm between tomorrow and today for you

Labor is represented here, yes, but it was not arduous, on the contrary the atmosphere of co-operation and congeniality was so evident that our task was enjoyable. Just to enter the

office was pleasant: the click of the typewriter, the order in the disorder of layouts, contracts and writeups, all testified to happy activity; yes, from every corner of the office the rays were being focused on the pages we now submit to you

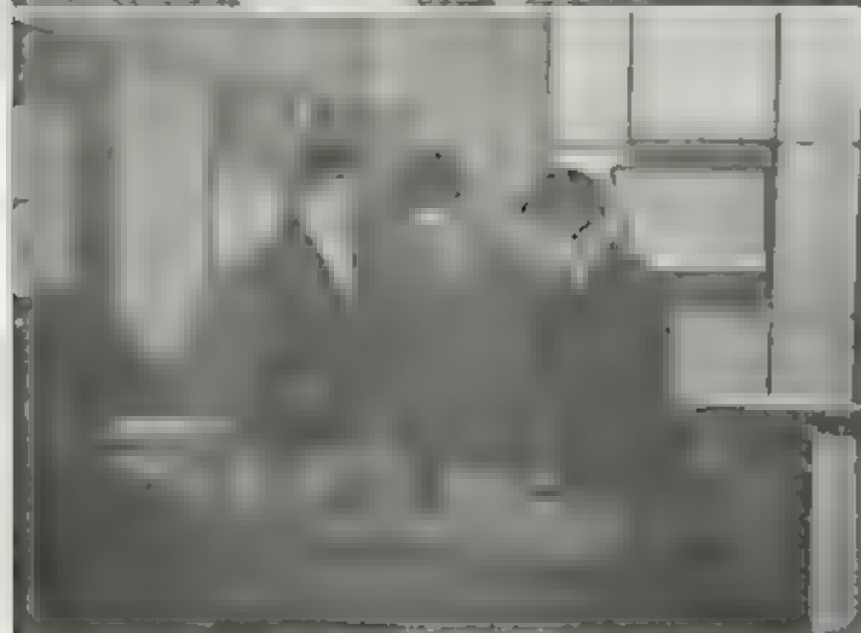

And the source of the activity: well, Father Collins once again set the pace. Bill Foley, a veteran of four years, did the editing with his shadow Adolph Kokoefer always aiding and abetting him. Bill Crilly and Louis

Tyma practically lived with cameras in their hands and were ever willing to give pointers to "Louie" Windisch, their understudy. "Tommy" Thomsz, Vince Kirby, and Joseph Rudcki were determined that no department would surpass that of business

The features and typing and art were superbly handled by Bill Gutekanst, Ed Bernard, and Harry Rulo Truly, they have shown themselves worthy to bestow the accolade on the staff of '43

## 1942 Ritan

In the Ritan, Volume XII, you have the throbbing life at St. Rita 1941-42 with the spark in it. The facts have been accurately chronicled, the features deftly delineated, and the foibles humorously caricatured. What more can one ask of a high school staff?

Encomiums are therefore in order for the departing seniors who have been the backbone of the staff. Editor-in-Chief John Dineen has done a magnificent job. He has taken a proprietary pride in the paper and has instilled the excelsior spirit. Under his aegis, The Ritan has established new standards . . . Ernest Tursich and Joseph Wolski have ably handled the features and editorial department in devoted anonymity. They have been through the editorial mill, gagging and sweating and treading out the grist to meet the deadlines. Their names belong upon the honor roll of Ritan journalists . . . News-grubbing, staff-driving Edmund

Rooney, dynamic News Editor, has been the wheelhorse of the paper. Among the underclassmen he has developed a corps of subordinates that know high school journalism and staff discipline.

To these key men, and to all the staff members the Moderator extends congratulations and a blessing.

## Model Airplane

The Model Airplane Club commenced this year with the election of the following officers: John Pavlick, President; August Lapke, Secretary, with Rev. Joseph Wade, O.S.A., Moderator

Having benefited by last year's experience it was thought wise to change the program of the club. Last year the principal end was to give a great number of boys the opportunity of expressing their art in model-making; whereas this year the program called for a detailed study of the principles of model design, construction, and flight adjustment

The course in design was divided into units; and after each unit planes

were built according to design principles. This work was carried on under the capable supervision of John Pavlick.

## Riding Club

Newly formed this year is the Rita Riding Club. Under the very able direction of Reverend C. R. Lehane, O.S.A., a modest number of students have been molded into a compact organization. These riding enthusiasts conduct parties throughout the year, visiting various sections of the city in order to acquaint themselves with the beauty of the surrounding terrain while enjoying their favorite sport

# Spread Eagle Squadron

St. Rita's Spread Eagle Squadron was originally established by Reverend Paul C. Potter, O.S.A., who foresaw the necessity for training "American Youth" to fill the requirements and the vacancies in the vast fields and programs in aeronautics. The squadron has as its aim the instruction of high school students in the various phases of aviation, navigation, and meteorology. When the Flying Club entered St. Rita's vast selection of student activities, squadron members became Flying Club members to increase their flying activities.

The squadron is composed entirely of students and governed by that same group. The young men, who

are sincerely interested in the organization, contribute greatly in maintaining that high standard of co-operation now existing at St. Rita High School.

The call to arms by our beloved nation will surely be answered by the members of St. Rita's S.E.S. as soon as they can fulfill Army or Navy Air Corps requirements. The "Keep 'em Flying" and the "V for Victory" slogans will soon become striking realities and St. Rita's contribution will be those students with their minds and hearts in the skies, forever willing to sacrifice their lives for their country and offer their souls to their God, St. Rita's own Spread Eagle Squadron.

## Radio

"Callin CQ, Callin CQ" is a term heard often about St. Rita. It gives evidence that a Radio Club man is around. The purpose of this organization is to help those SWL's who are in the process of obtaining an Amateur Radio Operator's License. The headquarters of the club is the radio laboratory, where code lessons, lectures and practical application of radio principles are carried out.

## Mathematics

To aid in preparing the budding engineer for his career, St. Rita High School has its Math Club. Under the leadership of Mr. Kriz the student is given a clearer view of the practical application of mathematics. With the help of Mr. Kriz and a large eight foot slide rule the members are taught to use this engineer's "right hand."

## Camera Club

This year the list of enthusiastic members of our Camera Club reached an all time high. With the progression of the school year the beginners rapidly advanced to a stage where they were quite capable of producing very good photographs.

Father Starrs, our able moderator, with the aid of our accomplished officers: William Crilly, Joseph Rudcki,

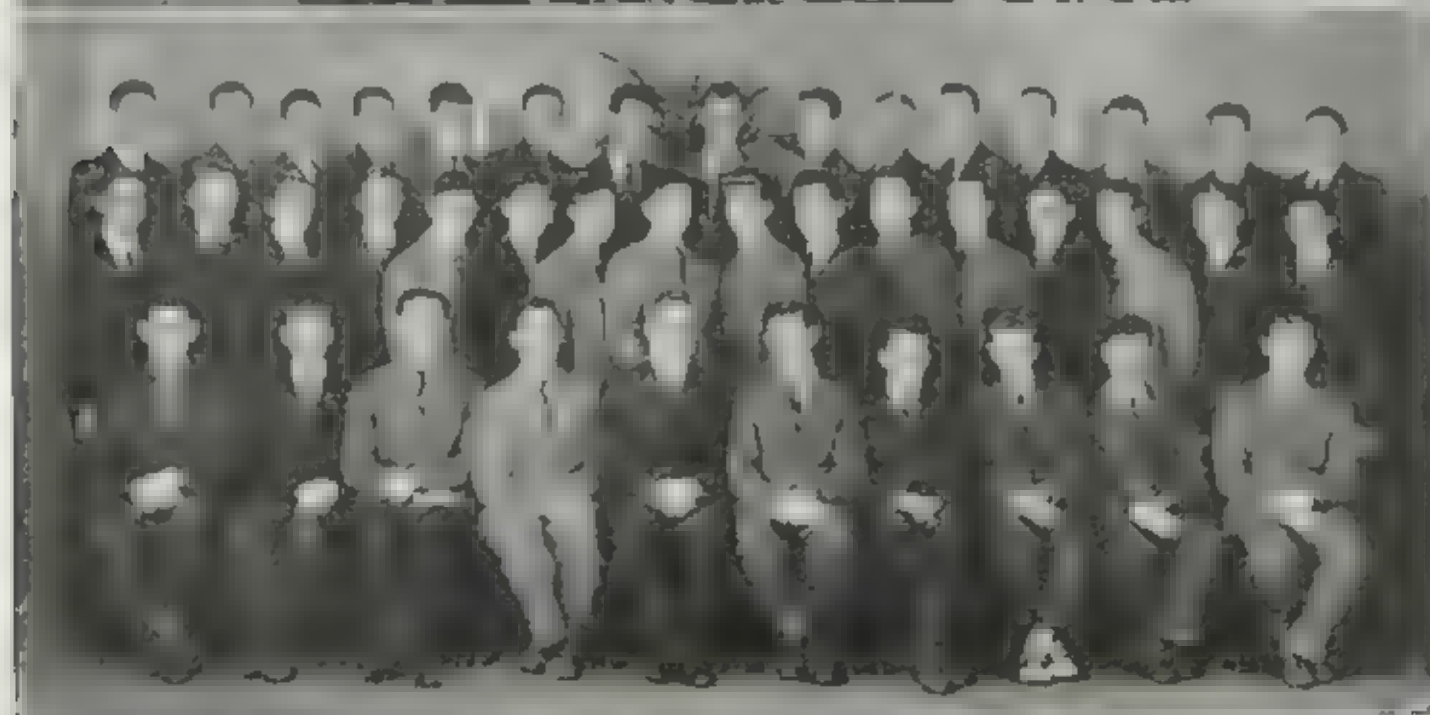

Louis, Tyma, and John Tarpey, have done a great deal towards increasing the member's knowledge of the finer points of picture making.

This year the club members have generously supported Father Starrs in his campaign to equip the club's dark-room and improve its present materials.

# Honor Society and Student Council

The Student Court here at St. Rita is designed to put into practice the basic principles of democracy in the government of the school. A violation of the rules and regulations of the school is a reflection upon the entire student body. The students feel the injury of their infractions in so far as they tend to destroy the spirit and tradition of their Alma Mater

Imbued with the hope of maintaining an atmosphere of wholesome respect for the laws of the school, the Student Court has the authority to bring before it the more flagrant offenders. The Court hears the charges as presented by the Student Counsellor or other students; questions these offenders, summons witnesses, weighs testimony and submits a verdict to the Student Counsellor. With this verdict, constructive penalties are often suggested.

The Student Court is a definite asset to the government of St. Rita High School.

Early in February a large number of our pre-engineering students were attracted by an offer made by the Junior Association of Commerce of Chicago. Youths were to be trained in the basic principles of flying thru the medium of gliding. Educational, physical and general requirements had to be met, but for many, this was but another stride as a student at St Rita High School.

A large number of our students are members of the St. Rita High School Flying Club, and have a number of flying hours to their credit. Because they live in an atmosphere of flying it was not surprising, that of the thirty-three who evinced interest in the "Jaycee Glider Patrol" twenty-one should be accepted. They look to a bright future in the aviation industry and in the service of their country.

## The Cisca . . .

St. Rita High School in order to give its students the opportunity to develop themselves in Catholic leadership, has enrolled its members in Cisca or the Catholic Inter-Student Catholic Action. Catholic Action is the participation of the laity in the work of the Apostolate. Cisca provides the Catholic youth of Chicago with a definite program in the field of Catholic Action. Instruction and guidance are given the youth so that Ciscans may become dynamic cells of Christian growth. Forceful Catholic leaders are

needed in the modern world and Cisca has for its end the development of an integrated dynamic Christian youth whose faith and holiness may be the Christian leaven for a pagan world

Here at St. Rita occasional dances were held to give our Catholic young men the opportunity to meet our Catholic young women. Under proper supervision young men and young women can enjoy themselves and perfect themselves in the healthful art of dancing

## Choir and Glee Club

The St. Rita High School boy soprano choir again distinguished itself with some very excellent performances. This young group sang at several hospitals on Christmas Eve Vincent Kirby being the feature soloist. The choir also provided the music for several requiem Masses heard in the chapel.

The Glee Club this year had the enviable honor of performing on the "Citizens of Tomorrow" program, a popular WGN feature heard in

January, and dedicated to the work of St. Rita High School. Many of the graduating seniors will be sorely missed next year. This year these loyal boys formed the nucleus of the singing group.

Sorry to say we missed the inspiring leadership of Father O'Neill who spent the whole year in a battle against serious illness. We hope and pray that he will be back at the director's stand next year.

## EXPLOSION AT U. of C.

### FIRE DESTROYS OPERA HOUSE

The Rees Opera House, a thirty-five million dollar building, owned by Mr. Raymond Ambrose, was completely destroyed by a four hour blaze which started yesterday afternoon when Leroy Kaner, the famous fire eater, was doing his act during the matinee.

The fire raced through the building, obliterating everything in its path including a beautiful painting by the famous artist John Slezak. Although the fire destroyed the telephone lines in the building the alarm was turned in by Art Lang, the head usher, who rushed to the corner drug store, drank a coke and then turned in the alarm.

The chief fire insurance investigator, Martin Hartnett, stated that the blaze started when Kaner accidentally ignited the curtain while going through his act.

There was only one casualty reported, fireman Bob Butz who was burned while rescuing Kaner.

### Bill Foley Famous Chemist Makes New Discovery

Mr. William P. Foley, president and owner of the Foley Foolish Chemical Research Company, announced that he has discovered a new exterminator for knats. However the boiling point of the new compound is so low that it will be of little use except in Northern Siberia.

Mr. Foley has promised that other products equally as astounding as his latest one will soon emanate from his laboratory.

### Chemistry Lab Demolished

Early yesterday morning an explosion occurred in a chemistry laboratory in Kubalanza Hall on the University of Chicago Campus. Although no one was injured, scores of students were forced to flee from the ensuing fire which completely destroyed the thirty billion dollar building.

Professor Donald Eckert, P.I., B.O., four time winner of the Noble Award, who was conducting an experiment in the laboratory with the assistance of Prof. Jean Brauweiler declined to release any statement as to the nature of the explosion, however he did say that had his invention been successful the insect world would have been dealt a fatal blow. It seems that Mr. Eckert was working on a new insecticide which he claims would even be better than FLY DED.

Prof. J. P. Fleming, dean of the university, stated that he has always regarded Eckert rather suspiciously and now he is quite certain that the poor professor has been studying too hard.

### Surface Lines Modernize

Mr. William Colter, multimillionaire, owner of the Chicago Surface Lines has finally fallen under the relentless attacks of the Tune Up Chicago Committee headed by Mr. Edward Xavier Kennedy. Mr. Colter promises to obey the committee's command and install new two-tone bells on the street cars.

Mr. Kennedy, speaking for his cohorts, John Read, Joseph Letton and John Green to pave the way for more and even greater improvements in the city."

### Crilly Makes New Photographic Discovery

#### Camera Addicts Amazed

Mr. William Jordan Crilly, the famed photographic genius announced this morning at a press conference in the Weigand Hotel that he had made a discovery which will revolutionize the photographic industry. Mr. Crilly stated that he had found a new method of procuring pictures.

#### New Method Produces Better Pictures

"My discovery," said Crilly, "will enable photographers to get prints of superb contrast and quality. I only wish that I could have made this discovery ten years earlier, when I was photographic editor of my high school annual. Boy, I could have gotten some great pictures then."

#### Crilly May Get Nobel Prize

Mr. James P. Casey, owner of the Casey, Casey, and Katzenberger photographic laboratories, stated that Crilly is sure to win the Nobel award for 1952. He said, "This stupendous, colossal discovery which is so typical of Mr. Crilly's genius will surely win the Nobel prize."

Mr. Crilly found that for best results in picture making you must have FILM in your camera.

The renowned journalist, Edmund Rooney received the honor of being editor of the "policeman's guide" when James Murray, the former editor, announced his retirement.

Mr. Rooney received this appointment because of his outstanding work in editing the popular comic book "Post Mortem" which features the true life story of "Hercules" Manfredi.

A new name will appear among the list of artists on the Gazette staff Emmett Ryan famous protege of Mr. Petty.

## Well Known Business Men Leave on Fishing Trip

Four of Chicago's most prominent business men: Mr. R. O'Connor, of the glass blowing industry; Mr. C. J. Czerwicz, the lumber magnate; Mr. Otto "Shop" Shander, of the "Shander & Son" automobile dealers; and Mr. Hubert Thomizer, co-president of the "Thomizer and Warapius" advertising company, will leave for northern Wisconsin on a week end fishing trip next Friday afternoon.

Get ready for some tall tales about the "one that got away" fellow citizens because the above so-called fishermen couldn't catch a cold if they were at the North Pole in bathing suits.

## Lawrence Head of Loan Company

The Clark Rees Loan Company has recently acquired a new general manager, Mr. Edward Lawrence, who will take over his duties as manager of the world's largest loan company sometime next week. Mr. Lawrence has, for many years, been in the employ of the Rees Company.

Lawrence's experience in the loan field dates back to his high school days when he was well known among the students for his I. O. U.'s.

## DOCTOR HANLON OPENS FOOT CLINIC

The news that a "hoof hospital" will be opened within the next two weeks on the Northwestern University's Evanston Campus was announced by Professor Walter McLaughlin, dean of the university, at the annual board of directors meeting in Joe Sieraszewski's "Red Nose Casino".

The chiropodist's haven will be under the direction of Dr. John F. Hanlon who has long been recognized as a specialist on the aches and pains of the base of the human body. His assistant will be Dr. James L. Comas, M.D., of the Burke sanitarium for the feeble-minded.

## Walsh Caught Transporting Moonshine in Baby Carriage

Eddy Walsh, a young Kentucky moonshiner, was seized by several "revenoores" while he was attempting to distribute some of his home brew in a small town just south of Jefferson, yesterday afternoon.

Walsh said that he had transported his product to town camouflaged in a baby carriage and was doing alright until he met the town constable, Robert Piper, and several of his deputies, Lavelle, Forrest, and Kobler; walking towards him on the street. Piper, the father of eight children who has a natural interest in children, asked to see the Walsh's "baby." When he pulled down the cover and viewed the "booz" Walsh hit the road. However "flash" didn't get far for who can compete with the great Piper?

## ZAUBRAS INVENTS NEW CAMERA

Mr. Peter Zaubras, president of the famous Camera Company, makers of the world's finest cameras, announced today that his engineers have perfected a new camera of his own design that will be a blessing for photographers. The chief engineers of the Company, Anthony Gowgiel, Joseph Pajda, and Prof. John Flentz, declined to release any detailed information about the new camera. However they did something about a "behind the film" shutter for taking pictures in back of the photographer.

The publicity agent for the company, John F. Doodly, stated that the new camera will go on sale within the next two weeks. The exclusive distributor for the Zaubras Company is the Seaver and Sapp Department Store.

## Prof. Wright to Teach Machine Shop at Kuczaj School

Mr. James McCorkhill, superintendent of Chicago high schools, disclosed in a special press dispatch this afternoon that the famed Professor Joseph Wright will fill the post of the late Prof. William Nicholson at the Stanley Kuczaj Technical High School.

Prof. Wright is considered to be one of the best machinists in this part of the country, playing second fiddle only to F. Dutka of Michna Steel Company.

## JOHN J. DINEEN TO LECTURE ON COPY BOY ETHICS

Dineen who has been organizing and training the more important parts of the newspaper staff's of this United States, will conduct the lecture of his formidable career.

This discourse will be given before a capacity crowd in the Griffith Stadium, which is notated in that thriving metropolis of Perkins corner.

The taper of Mr. Dineen's speech will be the object of a good copy boy's intentions.

John will be accompanied in his "Ode to a Copy Boy" by such authorities of the newspaper world as Mr. Joseph Goryl, Mr. Earl Sexauer and that master of wit, Mr. Patrick J. Byrne.

## MADDEN WRITES NEW SONG HIT

Mr. Edward Madden, the famous song writer, has just published his latest hit "The Face On The Bar-room Wall" or "Hebel Looks Into A Mirror." Madden who has been writing songs ever since his high school days has composed such hits as "Oh How I love you STELLA" and "Moonshiner's Delight."

One of Mr. Madden's severest critics, Mr. Edward Kelly, who on many occasions has predicted the downfall of Madden's original "boogie" style music, still marvels at the popularity of Madden's songs.

The new song hit will be introduced over the air tonight on radio station W.A.C.K. at nine-thirty P. M. by Joe Wolski's all-girl orchestra featuring the famous Irish tenor, Leonardo Abaravich.

## FAMOUS EXPLORER TO LEAD RESCUE PARTY

John D. Ward, the noted traveler and explorer will lead a rescue party to the South Pole in quest of the Harry Bird Expedition which was lost six months ago, while searching for pink penguins.

The rescue expedition financed by John "DOL" Barnickel will leave June 20 on the good ship S.S. Costenaro, commanded by Admiral "Wrong Way" Corrigan.

Mr. Bird and his associates, James Bobber, Francis Carney, and Thomas Burns, left on May 3, 1951 and traveled via The Zenner Air Lines to the island of Boogie in the Artic Circle.

## Temperance League Worries Barrel Maker

Due to the growing influence of the W.C.T.U., Mr. Donald McInery, owner, president and general manager (also chief barrel stove bender), of the M., M., M., and C. (McInerney, McDonald, Macku, and Cherney) Beer Barrel Company, stated that he was becoming alarmed over the increasing number of members in the Women's Christian Temperance League.

"If this prohibition nonsense goes through," said Mr. McInerney, "not only will the beer barrel business be ruined but the country will also go dry!"

## POLICE HUNT THIEF

The Chicago police who have for months been chasing the notorious criminal Louis Tyma, better known in gangland as "Looie the Weazel", have tonight opened a new drive to catch this "hell hound"

"Looie" is in the habit of pilfering burned out flash bulbs from unsuspecting photographers.

When asked what the police are doing to apprehend this villian, Chief Richard Causland replied, I have two of my best men, officers Silski and Corbet, masquerading as photographers with the hopes of catching this scoundrel red-handed."

## Caffrey Gets Post As New State Veterinarian

The Honorable Vincent G. Danto, newly elected governor of Illinois, announced last week, through a dispatch released by his sec. Joseph Malek, that the eminent physician Dr. John R. Caffrey will fulfill the position of state veterinarian for the next two years.

The former "vet", Dr. Ernest J. Tursich was ousted from his post when the "elephant men" took over after the recent election.

In a statement to the press Dr. Caffrey said, "Ever since my high school days it has been my ambition to become a "medico". Now at long last my ambition has been realized, my life's work has been accomplished, and I can go forth into the world a successful man."

Your reporter has only one comment to make: "Wait until the Humane Society gets wind of this."

## Eikmeyer to Open New Record Shop

Mr. Robert Eikmeyer made public yesterday his plans to open a record shop on the north-west corner of State and Madison.

Daniel P. Janus, president of the State Street Better Business Bureau said that the Eikmeyer Record Shop will be a boon for the other State Street Merchants as the new recording shop is expected to draw enormous crowds to the "loop" and perhaps make it the largest shopping district in Chicago.

Mr. Eikmeyer announced that he would have as his assistants Mr. R. O'Donnell and Mr. Ralph B. Gerdes, and that he would handle only recordings by the Idol of the Bar Room, Jay Nolan.

## President Appoints Major Kavanaugh As Director Of Ground School

Major Francis E. Kavanaugh was appointed today as the superintendent of the the governments new arrangement for preliminary training for our aviators of tomorrow.

Major Kavanaugh has had endless years of experience in the field of training new pilots. He is now in the preliminary stages of systemizing a program.

Such aviation experts as Lieut. Bracken, John Azzuto, and Lieut. W. E. Alzhorn, are assisting the MAJOR in training new cadets for the air corp.

## Gene Golden Famous Pants Matcher Retires

After making several million dollars in the pants matching business, one of Chicago's most successful business men, Mr. Gene Golden, will retire from his very remunerative occupation.

Mr. Golden said he plans to repose at his "Laughing Corpse Lodge" in the Dead Pigeon mountains. Mr. Golden sold his to Ben Ehrardt, one his Maxwell street competitors.

Several of Golden's fellow merchants, R. J. Johnson, J. J. Weigand W. Pater, and F. Willenbrink, are planning a farewell party for him next Saturday night in Egan Hall.

# BAUER CHALLENGES DULLARD

## FIGHT WORLD IN UPROAR

### Champion "One Punch" Dullard to Fight Bauer

Bob Bauer, the most promising young fighter in the country, will fight John Dullard, the world's paperweight champion, tonight in De La Salle stadium at nine o'clock Chicago time.

The fight, a forty-five round classic, will be refereed by the great shadow boxer (Mt.) Rainer Heinz. The judges will be John Ivancik and Eddy Tinault.

The measurements of the two pugilists are:

|                  | Dullard           | Bauer     |
|------------------|-------------------|-----------|
| Chest (normal)   | 24"               | 23"       |
| Chest (expanded) | 24 1/4"           | 21"       |
| Waist            | 39 1/4"           | 46"       |
| Wrist (left)     | 3 1/2"            | 2"        |
| Wrist (right)    | 2 1/4"            | 4"        |
| Ankle            | 7"                | 9"        |
| Calf             | 5"                | 6"        |
| Biceps           | (both negligible) |           |
| Height           | 6' 4"             | 4' 1 1/4" |
| Weight           | 98 lb.            | 173 lb.   |

### What The Experts Say

Engene Baniewicz, the famous sports announcer, says, "Despite the fact that both Bauer and Dullard are in excellent condition I think that one of them will emerge from the ring victorious."

Tom Noonan, the heavyweight champion, when asked what he thought would happen tonight replied, "He'll moider da bum." Which bum he means we dot not know.

### Cuba Finishes Model Airplane

James J. Cuba, No. 1 model airplane maker for the United States Government, finished his first plane yesterday after laboring ten long years on it.

Mr. Cuba started his arduous task in April, 1942. Several other aviators, namely Robert Yirkin, Ken Stassen, Bob O'Donnell, and Joe Donahue, assisted Mr. Cuba in his nerve-racking job.

### TEEHAN BREAKS HOME RUN RECORD

Home Run Harry Teehan broke the world's home run record today by scoring his 114 1/2 home run. The remarkable thing about Harry's feat is that the season is only in the opening stages. Because of this fact it is prophesied by such sport authorities as Harry Benoit and Hugh Condon, that Teehan will at least double his present score by the end of the season.

### NEW PARLEY SYNDICATE OPENS

Tom Priestley, the gentleman gambler, who has been known as a king in the gambling world for years, announced today that he will open a new parley card system, which will be operated by the McGolderick and McGowan Syndicate.

### "RACER" RYAN WINS EIGHTON CLASSIC

John "Racer" Ryan broke all speed records to take first place in the famous Eighton Classic on the renowned brick track dedicated to that famous race driver Art "Cowboy" Smith.

"Racer" was driving a Ricken Special which was designed by "Racers" school day chum Dan Foley.

Ryan was closely tagged by "Daring Dick" Blair and "Travelin' Tommy" Doyle, who finished in a dead heat for second place.

### DILGER'S BOOKIE DEFIES POLICE

The famous "On the Nose" Bookie run by that great master of chance Albert, "Put up or shut up", Dilger will remain open despite any attempts that might be made by the police to seal Dilger's "stock exchange."

This proclamation came from Mr. Dilger shortly after States Attorney Francis D. Conroy made a statement to the effect that all gambling houses in the Chicago area would have to lock up within the next two weeks.

Mr. Conroy's clean up crew under the joint supervision of policemen Bill Madden and Edward O'Connor have been sharpening their well known axes preparatory to the operations they will perform on the Bookies in several weeks.
